- A charge may apply to connect your phone service if there is not already one present and/or depending upon the type of connection required.
- Excludes high volume telemarketing

## CRITICAL INFORMATION SUMMARY ADSL2 + UNLIMITED INTERNET & PSTN VOICE BUNDLE PLANS

### Availability

The ADSL2 Service is only available within selected ADSL2+ coverage areas and subject to infrastructure availability at the customer's premises

### ADSL2 Speed

Actual throughput speed may be slower and could vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users simultaneously using the network and performance of interconnecting infrastructure not operated. Devices connected by Wi-Fi may experience slower speed than those connected by a cable.

### HARDWARE

A compatible ADSL2+ broadband modem and telephone handset is required to use this service.

### INFORMATION ABOUT PRICING

Your minimum monthly charge and total minimum plan cost  
Please refer to the pricing table herein.

### Usage Information

For information about your current usage levels please contact Customer Service by calling 1300 833 177

### Connection Timeframe

Once we've accepted your application, we'll try to connect your service on the date you ask for, but this might not always be possible. If there has been a previous working service at your property and we can reconnect it without having to visit your property, the local telephone exchange or anywhere in between, then we aim to connect the service within 2-3 working days of your request. If this isn't possible, then we aim to connect your service within 5 to 15 working days, depending on your location.

### Billing

We will bill you in advance for the minimum monthly charge and features. Your first bill will include charges for part of the month from when you signed up to your plan until the end of that billing period, as well as the minimum monthly charge in advance for the next billing period. Our billing period starts on the 1st of every month.

#### Payment processing fee

If you pay by BPay savings or direct debit from a bank account or credit card, there are no processing fees. A \$5.45 fee will be charged each month if you choose not to pay your bill by direct debit. Please contact Customer Support to set-up direct debit  
Exception: For payments made by credit, debit, charge or prepaid cards, the non-direct debit fee will not apply.

#### Paper invoice fee

There are no charges for email or online billing. A \$4.25 paper invoice fee will be charged each month if you choose to receive a paper bill. Please contact Customer Support to arrange online billing or to request an email bill.

#### Early cancellation of your Service

If you cancel your Service, you will not be eligible to receive a refund on any fees that you've already paid to us. In the instance that data services are transferred to an alternative provider, IP voice service access will be charged at \$30.00 per month including GST.

If you cancel your service after activation but before the Minimum Term has ended, you'll be charged an Early Termination Fee (ETC) up to the maximum amount of \$199.00 for a 24 month plan. If you require your

Service to be moved to a different area, you'll need to restart your term to avoid any ETC. If the Service isn't available in the area to which you would like it moved, your Service will be cancelled and an ETC will apply.
