

## **Do Not Call Policy**

The Do Not Call Register has been established by the Australian Government in response to increasing community concern about the growth in unsolicited telemarketing calls.

We respect your privacy and if you are registered on the Do Not Call Register, we will not contact you unless you are a bVivid customer or have specifically expressed interest in bVivid's products and services.

Should you wish for bVivid not to contact you, you can request your number to be removed either in writing or by contacting our Customer Care team on 1300 833 177 or email [support@bvivid.com.au](mailto:support@bvivid.com.au). Please note you will need to specify each service number should you have multiple lines.

Please allow 30 days for your requested numbers to be removed from our database.
